HEAR PRIVATE PEAT, TABERNACLE, SATURDAY NIGHT, MARCH 30.

His Own Soldiers Story:

"TWO YEARS IN HELL AND BACK WITH A SMILE."

For Mothers and Fathers of American Boys.

PRIVATE PEAT—Two years on the Western front, through the horrors of Ypres, long before the average war lecturer knew what war was, is back here to tell us there are worse things than war. He was there when the Hun first used poisoned gas. He knows fighting in the trenches, the life and hardships and triumphs of the common soldier, and he knows how to tell about them. He brings a new idea in war lectures. He is inspirational, and he carries his listeners far above the field of battle to the thought of higher and better things. He brings a message of comfort to the mothers here at home, and no one is better able to bring cheer, for he comes back from his two years in hell WITH A SMILE.

BENEFIT OF THE RED CROSS.

PRIVATE PEAT saw his whole company, ammunition gone, surrounded by Germans and captured. Shot through the chest, lying two days in the open he was finally rescued and carried back to his own lines. His right lung is gone—his right arm is powerless. But he returns with a smile, a fine example of that high courage and good cheer which have carried the British soldier through these years of hell with never a cry of despair. He talks in deadly earnest, but there is also a fine humor and the spirit of youth and adventure in all he says. This young Canadian with the blue honor shoulder straps of the First Canadian Contingent is a needed tonic in a wealth of war speakers. As the New York Sun says: "He does the trick where others had only half succeeded."

PRIVATE PEAT has written his own story, which you should read. But his lecture and his book are not the same. You should hear him too.

Prices: 35 and 50 cents, Including War Tax.
